Legislative Awareness

The purpose of conducting legislative awareness is to help new and current legislative members to understand what landscape architecture is and how landscape architects help protect public health, safety, and welfare.

Goals

1. Make the legislative members aware of landscape architecture and what landscape architects do to protect public health, safety, and welfare.
2. Communicate with legislative members when proposed legislation could impact the board's ability to protect public health, safety, and welfare.

Action Plan

1. Send a letter to newly elected Senators after each election. This would be used to introduce landscape architecture to them and show what landscape architects do to protect public health, safety, and welfare.
2. Communicate with legislative members as needed in the event of proposed legislation that impacts the board's mission.
